

STANDING ORDER No. 104 OF 2010

DISPOSAL OF COMPLAINTS/OTHER REFERENCES

This Standing Order aims at providing a coordinated, effective and prompt mechanism to deal with references/complaints. The Standing Order consists of two parts i.e. Part-I deals with the methodology in respect of important references/general references received from various offices in PHQ whereas Part-II deals with procedure in respect of complaints - their receipts, classification, examination, disposal and compilation of statistics for effective and closer supervision.

PART-I

1. Instructions have been issued time to time from various Head of Offices, regarding the imperative necessity of effective and prompt disposal of all references, particularly references received from the MHA, Lt. Governor or his Secretariat, PM's Sectt., President's Sectt., CM Office, Hon'ble Courts, Hon'ble MPs/MLAs and other important Govt. offices including various commissions. Action, as explained in this S.O. must be taken to ensure expeditious and proper disposal of all references.
2. All references pertaining to complaints/grievances received from the office of the Hon'ble Union Home Minister, received through Joint Secretary (UT), shall be dealt with by the concerned Joint Commissioners of Police (Ranges) and they shall ensure that the prompt action is taken and a factual reply is sent by them within a reasonable time. A copy of such report shall also be sent to the Vigilance Unit (PHQ) for record.
3. So far as the PHQ is concerned, It shall be the responsibility of the Inspector/Incharge of the Branch to see that every case including **Timed, Immediate and Urgent** references, is dealt with with utmost priority. Interim replies should be sent promptly only in those cases in which final replies cannot be sent immediately and material/information has to be collected from units/districts. Dispatch of final reply should be ensured within the stipulated time-frame. Reasonable margin for collecting information shall be given to the districts/units as far as possible. The DCsP of districts/units shall ensure that the time limit as prescribed in the reference is meticulously followed and replies complete in all respect, are sent in the first instance itself. All districts/units DCsP must ensure that references from offices as mentioned in para-I are attended to with utmost precaution and promptness. The software to monitor various timed-references will generate automatic reminders well before the due date. All such references will be uploaded on day-to-day basis on the computer which will not only process the existing data to match with any similar reference but also indicate the pendency on daily basis to monitor references in an organized and systematic way.

4. In order to ensure expeditious disposal and to avoid infructuous exchange of paper work, the following procedure shall be followed:
- a) The addressee office, initially making a reference, shall invariably specify a definite time limit within which a reply is expected from the office addressed, in consonance with the requirements of the case. If this is not possible ab initio due to any reason, it shall be done at the stage of the first reminder, which shall normally be issued after a fortnight in respect of references from offices as mentioned in para-I and one month for other references from the date of issue of initial reference. If the target has exceeded, the forwarding office should explain the position and indicate the further time required.
 - b) The recipient on receipt of such reference shall examine whether he could comply with the request within the prescribed time limit or shall seek more time for the purpose. In the latter event (or on receipt of the first reminder, in all other cases) he can send interim reply explaining the expected time required for final reply.
 - c) A separate register for **'TIMED and 'IMPORTANT'** references should be maintained in the prescribed proforma (Annexure-I) and all possible efforts be made to send the reply within the specific time frame.
 - d) The Diary Register maintained for the important references should be kept up-to-date and it should indicate the date of final disposal as well, as the gist of reply.
 - e) A daily check of Timed/Important references should be undertaken at supervisory level to ensure that these are promptly attended.
 - f) Once a correspondence is treated as **'TIMED' and 'IMPORTANT'**, it should be dealt with utmost care and urgency as is done in case of a Parliament Question.
 - g) The diarist should mark such references personally and deliver such references to the concerned dealing assistant without any delay after making entry in his register containing the gist of reference.
 - h) The senior officers concerned should be kept informed of all such references. It would be better if the references are put up to them before they are sent to the concerned branch/dealing hand.
 - i) The cases of such districts/units/branches, which are regular defaulters, should be brought to the notice of senior officers which shall be processed by them through personal efforts.
 - j) Cases of exceptional delay, should be scrutinized to pin-point responsibility against the defaulter and action should be initiated in all such cases.

- k) For a vigorous follow-up action on all proposals, references sent to the offices as mentioned in para-I, letter reminders (not exceeding two in number of the initial reference) shall be issued under the signatures of Asstt. Commissioners of Police concerned. Thereafter, the case shall be brought to the notice of Deputy Commissioner of Police concerned and the matter be taken up demi-officially with senior officials of the concerned offices at their level. Again in case of non-response, the matter shall be discussed at the DCsP level and then follow up at the level of Additional/Joint/Special Commissioner of Police. **Urgent cases and those requiring attention of the Commissioner of Police, Delhi shall be brought to his notice at all times.**
- l) A master register of all proposals regarding increase in strength and welfare of the force etc. shall be maintained by the Branch concerned. Inspector/SI in charge of the branch concerned shall be responsible to maintain and keep the same up-to-date. A list of pending proposals with GNCT, Delhi/Government of India over a quarter shall be sent to Secretary (Home), Delhi Administration once every quarter for disposal.
- m) For expediting decisions and disposal of pending references expeditiously and in order to ensure that no reference is pending in any office for more than a week in any case, a 'Weekly Arrear Statement' shall be prepared by all branches and sent to the ACP/DCP concerned on every; Monday. The information should be sent as given in **Annexure-II..**
- n) All communications from Members of Parliament, Legislative Assemblies, recognized Associations and public bodies shall be acknowledged.
- o) Language used in the replies should be courteous and as far as possible should be speaking to indicate reasons in case of rejections and the gist of reply of each reference shall be recorded in relevant register.
- p) In case of missent matters, same shall be re-directed to the concerned department under intimation to the person/party concerned immediately.

- (n) Cases under investigation in respect of which there are complaints and in which reports are required to be submitted to the PHQ/CP, should not be put into court unless there is no other alternative in view of the fact such as specific court directions, statute of limitation being attracted, accused under arrest and charge-sheet having to be submitted within a prescribed period to avoid release on bail or any other exigency etc. However, the SHO should bring this fact to the notice of his district DCP who should be aware of what is happening. Cases other than afore-mentioned must not be put in court before finalization of the action at PHQ level.

4) RECEIVING AND PROCESSING OF COMPLAINTS AT DISTTS./ UNITS LEVEL

In ordinary cases, factual information required for submission of reports may be collected from the police stations concerned. No papers shall be sent directly to the police stations from Vigilance Branch. Distt./unit DCsP should mark complaints according to the priority and sensitiveness of the issue.

5). COMPLAINT MONITORING AND TRACKING SYSTEM (CMTS)

(i) COMPUTER CENTRE AT PHQ

An INTRANET for the Delhi Police has been set up in which all districts/units computers are connected with the central server of the Computer Centre at the PHQ. The Intranet has the potential to allow sharing and exchange of official information such as sending messages, mail, documents etc. electronically as well as transferring data regarding the personal information system, crime status etc. This intranet also facilitates monitoring and tracking of complaints received in any office in Delhi Police as whenever any fresh complaint is fed in the system at district/unit level, it automatically updates the PHQ's data and can be retrieved and stored by PHQ Computer Centre.

(ii) COMPLAINTS CELL IN DISTRICTS AND UNITS

To ensure proper functioning of the CMTS, Complaints Cells have been created in all districts and units. When a fresh complaint is registered in the CMTS for the first time in any of the units/districts office of DCsP, it will be allotted a unique number by the CMTS.

(iv) RECEIPT OF COMPLAINTS.

The format prescribed for entry of complaints is given in **Annexure- VI**. Before entering a fresh complaint a search will be made on the system for a previous complaint by the same person, or a similar complaint. Complaints received in Vigilance Branch, CAW Cell, Crime Branch, Traffic and other units, where the authority receiving the complaints decides to get an enquiry conducted, shall be marked to individual enquiry officers at the stage of receipt of complaint and the name of the enquiry officer shall be entered in the CMTS before the complaint is sent to the E.O. cell. The same process will be followed in the districts/units in cases of complaints which are marked by the DCP for enquiry by an individual ACP or inspector by name.

Other complaints received in District Hdqrs. are generally sent to police station concerned through Sub-Divisional ACsP. When these complaints are received at the P.S. and are diarised, these are further marked by the SHO to an SI or other officer by name for enquiry. A similar procedure will be followed when a complaint is marked to the P.G. Cell for conducting enquiry. In such cases the officer in-charge of P.G. Cell shall enter the name of the E.O. on the additional sheet and return it to the Complaint Cell the same day on which he receives the complaint.

vii) TIME LIMIT FOR DISPOSAL OF COMPLAINTS AND REMINDERS.

The time frame for conducting enquiries into complaints and submitting reports shall be four weeks from the date of receipt of a complaint. Automatic reminders in the form given in Annexure-III will be generated by the CMTS in case reply is not received within the given time frame. It shall be the responsibility of the I/C Complaints Cell to ensure that reminders are issued when reports are not received on due date. In cases where reports are not received even after five weeks, the I/C Complaints Cell shall put up lists of all such complaints to District/unit DCP.

viii) ACTION ON COMPLAINTS AND INFORMATION TO THE COMPLAINANT.
