

STANDING ORDER NO. 260/09

PROCEDURE FOR ESTABLISHING THE IDENTITY OF A PERSON BROUGHT TO A HOSPITAL IN AN UNCONSCIOUS CONDITIONS.

Establishing the identity of a person brought to a hospital in an unconscious condition either due to involvement in an accident or otherwise is extremely important. The process can be facilitated through proper coordination and a systematic approach by the staff of concerned Police Station, District Missing Person Unit, Missing Persons Squad, Police Control Room, Police staff posted at the hospitals and the State Crime Records Bureau, Delhi.

Whenever an unidentified/unconscious person is brought to a Hospital, the following action is required to be taken immediately:-

ACTION BY THE DUTY CONSTABLE AT THE HOSPITAL

1. He will inform the concerned police station about the admission of an un-identified person after eliciting detailed information from the person who brought him to the hospital or from doctor/hospital records.
2. Take possession of the personal search immediately from the hospital staff to see if there is any identity proof like visiting card or any other documents/articles being carried by the person to establish his identity.
3. Make an inventory in the presence of the hospital staff of all the recovered articles and hand-over the same to the inquiry Officer under a proper receipt.
4. Make D.D. entry and inform the Duty Officer of Police Station.

WORD OF CAUTION

It is also impressed that under no circumstances shall the person who has transported/brought the injured to the hospital be unnecessarily detained/harassed. He should be relieved at the earliest after necessary particulars/details relating to incident/accident have been elicited from him. Giving his identity should not be a compulsive exercise. He should only be detained if there are credible grounds for suspecting that he caused the injuries/accident.

ACTION BY THE LOCAL POLICE

1. Lodging a report in the Daily Diary at once.
2. A copy of the D.D.entry shall be given to the emergency officer immediately and the SHO be informed.

3. The I.O. shall reach the hospital and try to ascertain the identity of the unconscious person from the identity card, debit/credit card, visiting card or other documents, tailor marks, tattoo etc. to establish the identity.
4. Efforts to identify through mobile phone connection or IMEI (if possible) shall also be made, if found.
5. Obtain detailed particulars viz. age, sex, description religion, tattoo marks and clothes worn by the person.
6. Give detailed information to the P.C.R. for informing the Missing Persons Squad and District Missing Persons Unit.
7. Contact the Transport authority to find out the ownership details in case the unidentified person concerned was riding a vehicle. Engine/chassis No. should also be mentioned at the time of query or "24 hours enquiry facility of Computer Section, R&D, Delhi Traffic Police, Teen Murti Lines, New Delhi (telephone No.23794652)".
8. Make arrangements to get the individual photographed. Clarity and quality of the photograph should be ensured.
9. Send a detailed report with the photograph to the DMPU and C.R.O. for updating the ZIPNET and publication in the daily police bulletin and Gazette respectively.
10. Issue Hue and Cry notices, if felt necessary.
11. Cross-check with the information on ZIPNET and Daily Police Bulletin, which gives information about persons reported missing in Delhi.
12. Issue a W.T. Message to all SPs in India.
13. Get photographs of the individual to broadcast on Television.
14. When an unidentified/unconscious person is identified/regains consciousness, the I.O. shall convey details regarding his identity to P.C.R. In such cases the IOs should also mention the condition of the injured and if the injured regains consciousness his statement be recorded.
15. If the Doctor is of the opinion that the injured may not survive, then to obtain the statement of unconscious person after taking opinion of Doctor about his fitness to make statement and also simultaneously to make efforts to get his dying declaration recorded by SDM (if a criminal offence resulted in the injuries caused to his person).
16. If the unidentified person dies before being identified, all the legal and procedural requirements shall be completed similar to the case of recovered unidentified dead bodies (As mentioned in S.O. No.252/09).
17. Maintain a separate year-wise register for Un-Identified person found as per Annexure-A.

18. If there has been a PCR Call about the incident which led to injuries on unconscious person, ascertain maximum possible details from calling member.
19. As and when any Un-Identified Person found is identified, PCR, DMPU & MPS shall be informed immediately.
20. In cases relating to road accident necessary legal action, even against unknown vehicles/person should be taken by registering a criminal case under appropriate sections of law.

ACTION BY THE DISTRICT MISSING PERSONS UNIT AND MISSING PERSONS SQUAD.

- a) Information received by the District Missing Persons Unit from the P.C.R. or the local police or otherwise should be properly recorded in the daily diary and then in the relevant register. The Photographs and description of the Un-Identified Person found shall be uploaded on ZIPNET. The DMPU shall further:-
 1. Check the database of Missing Persons and in case the descriptive roll tallies with any of those reported missing, the concerned police station shall be informed at-once.
 2. Photographs and details of unidentified persons shall be shown to the public visiting the DMPU for making enquiries about their missing relatives.
 3. As and when the identity of the Un-Identified Person found is established, DMPU will update the ZIPNET.
- b) The Missing persons Squad(MPS) shall monitor the uploading of data regarding Un-Identified person found on the ZIPNET and will attempt to match the details of Un-Identified Person found to persons reported missing. MPS shall also maintain close links with DPMU and ensure that uploading of data and matching of Un-Identified Persons found/ Un-Identified Dead Body with persons reported missing is carried out effectively. The MPS shall also prepare a database regarding Un-identified Person found relating to Delhi and share it with other agencies like CBI, NCRB, etc. Records of Un-Identified Person found/Un-Identified Dead Body who are subsequently identified should be removed from the active database and archived separately.

ACTION BY THE CENTRAL AND DISTRICT CONTROL ROOMS.

1. The information received from the local police or the hospital regarding admission of an unidentified/unconscious person in the hospital shall be broadcast to all Districts giving maximum details of such persons.
2. The DMPU and MPS should be informed accordingly.

3. In case information regarding any other missing person of a similar description is received from any quarter, it shall be conveyed to the concerned Police Station immediately.
4. In case the identity is fixed, all concerned will be informed for updating of record.

ACTION BY THE SCRB, DELHI.

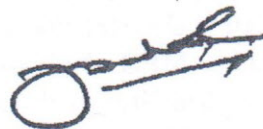

1. The information and photograph received from the local police in this regard shall be published in the Delhi Police Bulletin for circulation amongst the Police Stations in Delhi.
2. Information about fixing of identity should also be published in the Delhi Police Bulletin.

ACTION BY THE P.R.O

Whenever information regarding admission of an unidentified/unconscious person in a hospital is received from the local police, the P.R.O. should ensure prompt and wide publicity through press release.

All concerned i.e. SHOs, I/C DPMU, I/C Missing Persons Squad, I/C Control Room, SCRB and the Duty Constable at the Hospital shall ensure that the above instructions are implemented meticulously so that there is minimum delay in establishing the identity of an unidentified/unconscious persons.

This Standing Order supersedes previous Standing Order No. 260 issued vide No. 12208-12330/Crime-DA-VI dated 13.12.1988 and all other circulars/instructions on the subject.
