STANDING ORDER NO. 99

FUNCTIONING OF DISTRICT WOMEN CELLS

There will be nine District women cells (DWC) functioning in the nine police districts of Delhi. Each cell will be headed by an ACP. The cells will be under the control of DCP/Districts. DCP/CAWC will coordinate the working of the cells and provide general guidelines on professional matters but the day-to-day functioning of the cell will be looked after by the District DCsP.

Duties:

- (a) The DWC will investigate all cases of murder for dowry and death of women where dowry is the motive behind the crime. This would include offences u/s 304B and 306 IPC.
- (b) The DWC will investigate the cases of rape of women.
- (c) The DWC may investigate other cases of crimes against women and when they are marked to them by DCP/Districts or DCP/CAWC or Addl.CP Ranges or Addl.CP/Crime.
- (d) The DWC will enquire into complaints received by it and submit it to the DCP of the concerned Distt. for registration and investigation of cases which may arise out of such enquiries. However, the DWC shall not enquire into complaints which have already been dealt with by CAW Cell of the Crime Branch or any of the other DWC unless specifically directed to do so. This is necessary to stop the practice of complainants going from cell to cell when the enquiry in a particular cell does not favour them.
- (e) The DWC will look into every case of unnatural deaths of married women in their districts and submit a report on the prescribed proforma (Annexure A) to Distt. DCP with a copy to DCP/CAWC within 48 hours.
- (f) DWCs will conduct anti-eve-teasing drives in their respective districts.
- (g) DWC will also organize training in un-armed combat for school/college girls.

Procedure for transfer of cases

All cases of dowry deaths and rape will automatically be transferred to the DWC as soon as a case falling in the above categories is reported in any Police Station.

The Duty officer of the P.S. shall immediately inform the ACP/DWC on telephone and wireless and record a DD entry to that effect. The ACP/DWC will immediately assign the case/s to an I.O. who shall visit the police station, discuss the cases with SHO/I.O. of the police station who had done the initial enquiry and take up the case immediately. In case there is some

delay due to unavoidable reason the case shall be transferred to the DWC's after the first case diary.

Records to be maintained by District CAWCs

(a) Crime Register : Each I.O. will maintain a Crime Register on the prescribed proforma as is being done by the SHOs of Police Station. ACP/District Women Cell will maintain a separate Crime Register.

(b) Special Report Files: All files investigated by District Women Cell would be treated as Special Report Cases. A special report file will be maintained in respect of every case. Special Reports will be sent by ACP in the same manner as is being done in S.R. Cases by ACP I/C/ Sub. Division. Copies of the ISRs and CSRs shall be sent to DCP/CAWC as well as District DCsP by the ACP/DWCs. The ISRs and CSRs will incorporate the information as per proforma at Annexure 'B'.

(c) Diary Despatch Register: As per Rules.

(a) Pairvi Register: A separate register for monitoring the 'Pairvi' of cases under trial would be maintained. The District Women Cells will maintain the record and conduct 'Pairvi' in accordance with the Standing Order on the subject.

Training: All officers on posting to the DWC will undergo a basic Orientation Course for 3 days to be organized by DCP/CAWC in Nanakpura. Thereafter, they shall attend course periodically as and when organized by DCP/CAWC. They will also attend other professional courses as and when conducted by or nominated by the District DCsP. However, the specialized courses conducted by DCP/CAWC will have precedence in case the timing of both coincide.

Close supervision by supervisory officers

ACP DWC will discuss the case with the IO at the first opportunity and guide him in chalking out the plan of investigation. Similarly, after the investigation has been completed but before the challan is prepared another meeting will be held between the IO and the ACP DWC wherein the ACP will evaluate the evidence on record and give further directions wherever necessary. Specific mention about both these discussions will be made in the Crime Registers of the IO and the ACP.

DCP/CAWC will hold meetings with all the officers of District women cells every month. The progress of enquiry into the complaints and investigation of cases will be reviewed in this meeting. DCP/CAWC will forward his/her observation to Distt. DCP who will take suitable action. The over all supervision of DWC will that of Distt. DCP.

Special Intimation the Complainant

ACP DWC will send an intimation to the complainant on Annexure C about the investigation having been taken over by the cell. During the course of investigation the IO must maintain contact with the complainant and keep her informed about the important developments in the case. After the finalization of the case, the result of investigation will be intimated to the complainant on Annexure D.

Reports to be send by the District CAWCs to DCP/CAWC.

1. Weekly report on unnatural deaths of women and action taken thereon.
2. Monthly report containing details of cases taken up for investigation by District CAWCs (details like case FIR No., PS and section of law)
3. Monthly report of disposal of cases.
4. Monthly report of disposal of complaint.
5. Monthly report of Anti-eve-teasing drive by the CAWCs.

The reports shall be sent on the proforma to be finalized by DCP/CAWC.
